Swapped My Brother On The Internet

Jo Simmons & Nathan Reed

I laugh-out-loud chapter book that will appeal to anyone who has ever wished they could upgrade their sibling for a better model. Johnny is fed up of being picked on by older brother Ted, so when he stumbles across a website called SiblingSwap.com, he turns to the internet to solve his problems. What follows is a hilarious series of not-quite-perfect alternative siblings.

Why Are There Different Computer Languages?

Kirsty Holmes

Part of the 'Computers and Coding' non-fiction series designed for ages 5-9, this visually appealing information text looks at the difference between computer languages including Scratch, HTML and Python. You may also like the other books in this recommended series too, such as How Computers Work ([available here](#)), Staying Safe Online ([available here](#)) and What is Coding?

Troll Stinks!

Jeanne Willis & Tony Ross

This is a great choice of book for exploring the topic of e-safety and cyberbullying with young children. Billy the Goat and his friend Cyril are playing with a phone when they decide to send mean messages to the troll living under the bridge. Soon the two friends discover that their online actions have had a big impact on troll's feelings and that their messages were not such a fun idea after all. For more on online safety, you may also like Chicken Clicking ([available here](#)) and Goldilocks ([available here](#)) by the same authors.
