

Key Vocabulary

Knowledge Organiser for

# Different Homes

Word	Meaning
detached	A house not joined to another.
semi-detached	2 houses joined together on 1 side.
bungalow	A house without any upstairs rooms.
terrace	A row of houses joined together.
cottage	A small simple house, especially in the country.
barge	A long flat bottomed boat used on canals.
caravan	A vehicle towed by a car and used for living in.

**FUN FACT:**

- Hong Kong is a crowded city and homes are very expensive. Many people live on small boats, called sampans, which float in the harbour.

**Knowledge.**

I know a detached house is not joined to another house.

I know a semi-detached house is 2 homes joined together.

I know a bungalow only has one floor.

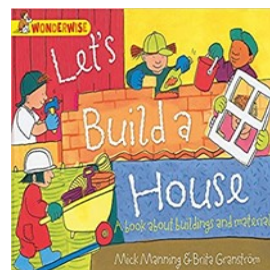

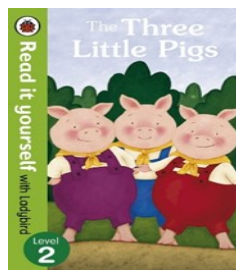

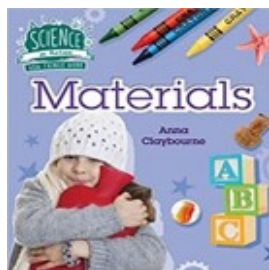

I know flats are where many families live inside their own home.

I know terraced homes are lots of houses joined together.
